Grading Method

The grading system practiced is one applicable beginning the first day of class for all students. Theory assignments are scheduled for each unit of study as defined by the licensing agency. Theory and practical applications are sequentially introduced as a means of integrating them throughout the course of study. The sequences follow an ascending order to acquaint the student with subject material applicable to their level of study and to correspond accordingly with the number of cumulative hours the student has attended classes. Students receive grades for all required units of study during the course of study specific to the enrollment agreement.

GRADING

Academy for Salon Professionals uses a 100-point grading scale: 80-100% is passing, 0-79% is not passing. Grades are given for classroom work, projects, and styling area performance. Work habits, appearance, conduct, initiative, cooperation, and attendance are also considered. Students shall at all times when on the school premises conduct themselves in an orderly and considerate manner, and shall appear for classes in a sober and receptive condition. Violation of this condition is a just cause for dismissal.

INCOMPLETES

Incompletes may be given by the educators when the student is making every attempt to learn a skill or subject but requires additional time to complete the work successfully. Educators determine the time to complete the work. The student will be given a deadline and description of work that must be completed.

INADEQUATE GRADES

When a student is weak in one or more areas of study or skill, the educators will determine a deadline for the student to complete the work satisfactorily. Inadequate grades may indicate lack of motivation as well as inability. The student will be informed immediately after a grading period how a deficiency can be corrected. The student will be advised during the grading period if grades are below standard and what course of action is to be taken to make-up. Students maybe placed on written warning, monitoring period or probation.

Satisfactory Academic Progress Policy (SAP)

THE SATISFACTORY ACADEMIC PROGRESS POLICY IS CONSISTENTLY APPLIED TO ALL STUDENTS ENROLLED AT THE SCHOOL. IT IS PRINTED IN THE CATALOG TO ENSURE THAT ALL STUDENTS RECEIVE A COPY PRIOR TO ENROLLMENT. THE POLICY COMPILES WITH THE GUIDELINES ESTABLISHED BY THE NATIONAL ACCREDITING COMMISSION OF CAREER ARTS AND SCIENCES (NACCAS) AND THE FEDERAL REGULATIONS ESTABLISHED BY THE UNITED STATES DEPARTMENT OF EDUCATION.

Students at Academy for Salon Professionals must maintain 80% Academics (qualitative) and Attendance (quantitative). Students are required to attend a minimum of 80% of the hours possible based on the applicable attendance schedule in order to be considered maintaining SAP. The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Homework grades, laboratory procedures, chapter tests, exams, and projects completed are used for all evaluations.

The time frame in which a student must complete the educational program may not be more than 125% of the published length of the educational program measured in clock hours. Example step 1: 80% attendance rate x 1600 hours = 1280 hours. Example step 2: 1600 clock hours / 1280 hours = 125%

Maximum Hours

1600 (program hours – Cosmetology) x 1.25 (Maximum Time Frame) = 2000 (Max number of Hours)

Maximum Weeks

1600 (program hours – Cosmetology) / 34 (full time hours per week) = 47.02 (weeks to complete the program)

47.02 (weeks to complete the program) x 1.25 (Maximum Time) = 58.82 = 58 Maximum Weeks to complete the program.

Maximum Hours

600 (program hours – Esthetics) x 1.25 (Maximum Time Frame) = 750 (Max number of Hours).

Maximum Weeks

600 (program hours – Esthetics) / 34 (full time hours per week) = 17.65 (weeks to complete the program) 17.65 (weeks to complete the program) x 1.25 (Maximum Time) = 22.06 = 22 Maximum Weeks to complete the program.

Students who do not complete the program in the maximum 125% published length will be terminated, institutional and R2T4 refund policy will be in effect.

Students who take documented approved Leave of Absence will have their contract period and maximum time frame extended by the same number of days taken in the Leave of Absence. Qualitative factors will be used to evaluate and determine academic performance using reasonable systems of grades and/or work projects and/or comparable factors measurable against the norm – qualitative factors are: assigned homework, practical exams, theory exams, practical assignment.

Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. Practical skills are evaluated according to text procedure and set forth in practical skills evaluation criteria adopted by Academy for Salon Professionals.

Academy for Salon Professionals contains a grading scale that includes a minimum acceptable level of progress at least the equivalent of 80% cumulative grade average, or have an academic standing consistent with Academy for Salon Professionals requirement for graduation, whichever is higher.

90-100%	Excellent
80-89%	Good Passing
0-79%	Below Satisfactory

Students' attendance and academics are measured at specific points in their program. Failure to be at 80% at any SAP point may result in written warning, probation, loss of Financial Aid, and/or expulsion. Student Academic Progress policy check points are based on the following actual hours: 450 hours, 900 hours, and 1250 actual hours for Cosmetology students and Esthetics students at 300 and 600 actual hours. The first evaluation must occur no later than the mid-point of: the academic year or the course and/or program, whichever occurs sooner. All evaluations SAP will be completed within 7 business days following the established evaluation points. The academic and attendance rates are reflective of actual evaluation date. Student who meets 80% attendance and academic performance are considered to be making satisfactory progress until the next evaluation point. Students who fail to meet the minimum requirements for attendance or academic progress at an evaluation period are placed on written warning and considered to be making satisfactory academic progress during the warning period, until the next scheduled evaluation point. Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum 80% attendance and academic requirements by the end of the evaluation period. Students who fail to meet the minimum requirements for attendance or academic progress after warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on academic plan must be able to meet requirements set forth in the academic plan by the end of the maximum time frame. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress.

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within 10 calendar days. Reason for which a student may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance, The student must submit a written appeal to the school on the designated form with supporting documentation of the reason why the determination should be revised. This information should include why the student failed to make satisfactory academic by the next evaluation point and what has changed in the students situation that will allow the achievement of satisfactory academic progress at the next evaluation. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be to place the student on probation and federal financial aid will be reinstated, if applicable. Acceptable supporting documentation for an appeal as follows: Doctors' Notes, Obituaries, Counseling Records and a Narrative Statement Students deemed not maintaining Satisfactory Academic Progress, may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal of the determination that has resulted in the status of probation.

Warning: The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation: The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds and may be dismissed from the program.

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation.

Students who withdraw prior to the completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Noncredit, remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations.

Teaching Method

Students must attend classroom instruction in the art and science of cosmetology and esthetics. Such technical instruction shall be accomplished by demonstration, lecture, classroom participation, and examination. This includes introduction, demonstration, and application of material implements and equipment's which are applicable to the trade. Emphasis is given to the accepted basic procedures and their execution, as well as opportunities for exposure to current and stylized trends, fashions, techniques, and deviations from and/or variations of procedure.

Training and opportunity for the practice of all manipulative skills required in Cosmetology and Esthetics. For this purpose, practical operations are hands-on training by the student of a complete service on another person or on a mannequin. Correlation between theory and practical work will hasten the learning process and serve to mitigate the difficulties in mastering of Cosmetology and Esthetic skills. Evaluation will determine progress and reveal deficiencies where additional help is needed.

A blending of interest, motivation, training, and knowledge in the scientific study and practice of cosmetology arts and sciences will help qualify students in their pursuit of a Cosmetology and Esthetic licenses. A total of 1,600 hours are required by the State of California for a cosmetology license and 600 hours are required for an Esthetics license.

Implementing a course of study, accomplishing all of the foregoing objectives in the required allotted time to prepare students to the best of their ability for positions in the field of Cosmetology arts and sciences.

Classes are taught in English only. Students without a Social Security number are unable to sit for the State Board of Cosmetology, and all prospective students without the appropriate paperwork requested by the State Board are apprised of this fact. The Academy does not offer VISA services to our students. All students attending the Academy must present a high-school diploma or its equivalent in order to attend the school; there is no Ability to Benefit Test offered to prospective students.

Operations are performed on manikins, students, models, and clients. Students service consist of the following: facials, waxing, makeup, haircuts, hair color, hair styling, and chemical services.

Academy Policies

ATTENDANCE AND TARDINESS

When you sign your enrollment contract, you are given an anticipated graduation date. Your tuition covers all fees up to that date. Academy for Salon Professionals will continue to train Cosmetology students toward their completion for an additional 40 hours at no charge, and Esthetics students for an additional 20 hours at no charge. Once a student has exhausted the additional 40/20 hours of training, each hour will cost \$20. These 20/40 hours are not applied until you have completed all course hours 600/1600. Days off, sick days, mental-health days, personal religious holidays, etc. are subject to this charge. Documented medical emergencies, court days, pre-arranged-and-contracted-days-off, and funerals are not subject to this overage charge. I absent 3 or more days Doctors notes must be faxed into the school (818) 701-5227, the doctors note must have the date seen and the return to school date listed. The doctors note submission will be reviewed for possible excused absence.

Additionally, Saturdays are a mandatory day at Academy for Salon Professionals. All students (except those whose contract specifies otherwise, due to employment or religious considerations) must request (up to five maximum for the program for Cosmetology students and three maximum for Esthetics students) a Saturday off at least two weeks in advance, to be assured of the day off. Failure to request in advance will result in a one-day suspension. Absences due to illness on a Saturday will result in a suspension; doctor's notes are not excused. It is to the Academy's discretion to excuse documented medical emergencies (three days or more), court date is pre-arranged and contracted days off, and funerals may not be subject to these overcharges.

TARDINESS

Be prompt! If you are, report to a salon administration staff before entering class or the salon area. If you are tardy and clock in after 9:00 am or 5:30 pm more than two times within a 30 - day period, it is considered an absence and on the 3rd tardy you will be sent home. If you arrive after 9:05 am or 5:35 you may not attend class and will be suspended for the day/night.

ABSENTEEISM

An attendance rate of 80% must be maintained at all times by every student. Should a life circumstance cause you to be absent, it is mandatory that you contact your instructor or a staff member before class begins for the day (email or phone are acceptable); If a student does not maintain 80% attendance, corrective action will be taken. Correction will be expected immediately and must be maintained. For those students with FSA or VA funding, notification will be sent immediately if student is terminated or if FSA Probation is initiated.

14 DAYS ABSENT POLICY

Student's who are absent for 14 consecutive days, are considered to have abandoned school are withdrawn from the program on the 15 day.

LEAVE OF ABSENCE (LOA) Policy

Academy for Salon Professionals acknowledges that on occasion, students are forced to take an approved Leave of Absence. Students must follow the Academy LOA policy.

Reasons for Approved Leave of Absence (LOA):

- 1) Medical/health issues
- 2) Family Emergencies
- 3) Financial Hardship

Leave of Absence requests must be presented in writing in advanced unless unforeseen circumstances prevent the student from doing so and that the request must be in writing, including the student reason for the LOA signed and dated by the student. It will be forwarded and reviewed by the board. If at all possible, a student needs to present documentation to support the request for a LOA, though a student's statement will be accepted in some cases. Paperwork for the LOA is processed in the Financial Aid Office. Academy for Salon Professionals reserves the right to deny a LOA based on the facts provided. In order for the school to approve the LOA, there must be a reasonable expectation that the student will return from the LOA.

A LOA may be granted to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the Academy documents the reason for its decision or the Academy collects the request from the student at a later date. The Academy establishes the start date of the approved LOA as the first date the student was unable to attend.

When approving the LOA, Academy for Salon Professionals will not assess the student any additional institutional charges, and the student's need may not increase. The Financial Aid Administrator will, if the student is a Title IV loan recipient, explain to the student, prior to granting the LOA, the effect that the student's failure to return from an LOA may have on the student's loan repayment terms, including the expiration of the student's grace period. The LOA extends the student's contract period and maximum time frame by the same number of days taken in the Leave of Absence. An addendum to the enrollment agreement must be signed by the financial aid department and student.

A Leave of Absence may not exceed 30 days, though a student may request an additional leave of absence prior to the end of a Leave of Absence if necessary, the student will begin at the point he or she left the program. A student will not be granted a LOA if the LOA, together with any additional LOA's previously granted, exceed a total of 180 says in a 12-month period. A student in Phase I at Academy for Salon Professionals who requests a LOA will be required to follow a specialized program created by the educator upon return, and cannot expect to resume in the Phase I class he or she was previously in. The class selection will be the Educator's choice, not the student's, to maximize the education and minimize the effect of the LOA.

A student granted an LOA that meets the criteria in this section is not considered to have withdrawn, and no R2T4 calculation is required. Upon the student's return from the leave, he or she continues to earn the Federal Student Aid previously awarded for the period. While the LOA absence is not subject to overage charges, or Financial Aid returns, a student who takes a LOA would find it nearly impossible to still graduation on time.

Student's contract period will be extended by the same number of days taken in the LOA. An addendum to the enrollment agreement must be signed by the student and the Financial Aid office, the student will receive a copy of the addendum with their revised end date.

Academy for Salon Professionals may permit a student to return to class before the expiration of the student's LOA in order to review material previously covered. However, until the student is able to resume the academic program at the point he or she began the LOA, the student is considered to still be on the approved LOA. If a student returns early, the days the student spends in class before the course reaches the point at which the student began his or her LOA must be counted in the 180 days maximum for an approved leave of absence. That is, a student repeating coursework while on LOA must reach the point at which he or she interrupted training within the 180 days of the start of the student's LOA (therefore, LOAs in Phase I are highly discouraged).

If the student wants to return prior to the 30th day, and they are able to resume immediately at the level the student was at when the LOA began, the student may return early from the LOA. Should a LOA need to be extended past the 30th day, the student must contact the Financial Aid Administrator (FAA) to request a NEW LOA BEFORE the original LOA ends. The extension must be signed by both the student and the FAA.

Students who take an unapproved LOA or fails to return from an approved LOA, the student will be withdrawn. The Date of Determination will be the day that the student failed to return from the LOA, but the Date of Withdrawal will be the last day of attendance at Academy for Salon Professionals. Should a student decide not to return to Academy for Salon Professionals while on an approved LOA, the date of notification (in writing) would be the Date of Determination, and the Date of Withdrawal would be the last day of attendance. Federal Student Loan repayment is determined by the Date of Withdrawal, not the Date of Determination.

A student who must take an approved leave of absence or must withdraw from training for non-academic reasons may return to the program with no loss of progress if the student was making progress when the student left. Students taking a LOA during Phase I of the program will be placed in a classroom at the same point at which they left, so a student in Phase I cannot expect to re-join the same classmates he or she had at the onset of the LOA and it is possible that the student will not be able to return on his or her day of preference, due to scheduling.

MAKE-UP WORK POLICY

Must be approved. If you choose not to make up work and go over contract (20/40 hours allotted) you will have to pay \$20 an hour. Students may make-up any work missed during their absence at the discretion of the instructor.

This school uses software published by RGM software and Salon Iris to track student participation and attendance. Specifically, the system will allow your instructor to record the hours you spend taking the course by tracking both your hours at the school, your time performing various duties, your lab time, practice time, and your specific skills development.

SUSPENSION/TERMINATION

Students may be suspended for absence, tardiness, or inappropriate behavior. If a student is suspended, the student will be notified of the problem and what the student must do to correct the problem. It is the intent of Academy for Salon Professionals to prepare professional people for a career. If a student is not so inclined and has limited likelihood of success in this career, it is the responsibility of Academy for Salon Professionals to inform the student and to tell the student how deficiencies can be corrected. If terminated for cause (academic, attendance or attitude), students may (at the discretion of Academy for Salon Professionals manager and in accordance to FSA limitations), after presenting a detailed, written plan outlining the student's commitment to the program, return to Academy for Salon Professionals to continue the program. Should the student, at any time after his or her return, fail to live up to the submitted plan, immediate termination would result, and the student would not be allowed back to Academy for Salon Professionals.

TUTORING SERVICE

Arrangements may be made for tutoring if a student requires or desires such assistance. The fee would be negotiated between the student and the tutor. The school limits its responsibilities in this regard to providing assistance in finding a tutor.

- a. Completion of state required number of hours
- b. Completion of all assignments and tests
- c. Completion of weekly project sheets and weekly grade sheets

PHYSICAL DEMANDS

Prospective students that might be adversely affected by long periods of standing or sitting, or by being exposed to chemicals used in the beauty industry, should obtain a doctor's release before entering Academy for Salon Professionals or continuing school. Persons at risk with health, nervous or emotional conditions should consult a physician before considering enrollment.

SAFETY REQUIREMENTS

Basic safety requirements for each course are introduced on the first day of classes, during Orientation. Safety instructions include but are not limited to information on how to safely store and use chemicals and equipment associated with the specific course of study. Safety instructions are

an ongoing concern throughout the entire course of study. When applying chemicals protective gloves are to be worn. If electrical equipment is used in the preparation of nails eye protection should be worn. Hair may not be left on the floor following a hair-cut. Rubber soled shoes must be worn by all students and staff to avoid possible slips on the floor.

Refund Policy: After the cancellation period, the institution provides a pro rata refund of **ALL** funds paid for tuition charges to students who have completed 60 percent or less of the period of attendance. Once more than 60 percent of the enrollment period in the entire course has elapsed (**including absences**), there will be no refund to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds.

A registration fee of \$150.00 is a **non-refundable item**. Equipment, books, supplies, tools, uniforms, kits and any other items **issued and received by the student** would not be returnable. Once received by the student it will belong to the student and will represent a liability to the student.

If you cancel the agreement, the school will refund any money that you paid, less any deduction for registration fee and equipment received. If you withdraw from school after the cancellation period, the refund policy described above will apply. If the amount that you have paid is more than the amount that you owe for the time you attended, then a refund will be made within 45 days of the official withdrawal date. See Refunds section below. If the amount that you owe is more than the amount that you have already paid, then you will have to arrange with the institution to pay that balance. Official withdrawal date is on the student's notification or school's determination.

Determination of withdrawal from school: The withdrawal date shall be the last date of recorded attendance. The student would be determined to have withdrawn from school on the earliest of:

The date you notify the Financial Aid Office of your intent to withdraw. Only the Financial Aid Office would be authorized to accept a notification of your intent to withdraw.
The date the school terminates your enrollment due to academic failure or for violation of its rules and policies stated in the catalog.
The date you fail to attend classes for a two-week period and fail to inform the school that you are not withdrawing.
The date you failed to return as scheduled from an approved leave of absence. The withdrawal date shall be the last date of recorded attendance. The date of the determination of withdrawal will be the scheduled date of return from LOA.

Course Cancellation: If a course is cancelled subsequent to a student's enrollment and before instruction in the course has begun, the school shall at its option: 1) Provide a full refund of all money paid; or 2) Provide for completion of the course at schools in the neighborhood.

School Closure: If the school closes subsequent to a student's enrollment and before instruction in the course has begun, the school shall at its option: 1) Provide a full refund of all money paid; or 2) Provide for completion of the course at schools in the neighborhood.

Return of Title IV: Special note to students receiving Unsubsidized/Subsidized/PLUS/Perkins loans, ACG/National SMART/Pell/SEOG grants or other aid, if you withdraw from school prior to the completion of the equivalent to **60 percent** of the workload in any given payment period, a calculation using the percentage completed will be applied to the funds received or that could have been received that will determine the amount of aid the student earned. Unearned funds would be returned to the program in the order stated below by the school and/or the student. Student liability to loan funds will continue to be paid in accordance to the original promissory note terms. Funds owed by the student to the Grant programs are limited to 50% of the gross award per program received. Sample Calculation, completion of 25% of the payment period or enrollment period earns only 25% of the aid disbursed or that could have been disbursed. If applicable, this would be the first calculation to determine the amount of aid that the student would be eligible for from the Title IV Financial Aid programs. A second calculation would take place to determine the amount earned by the institution during the period of enrollment. If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur: (1) The federal or state government or a loan guarantee agency may take action against the student, including garnishing any income tax refund to which the person is entitled, to reduce the balance owed on the loan. (2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Student Tuition Recovery Fund (STRF): 5, CCR § 76215 (a)

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

Refunds: If any refunds are due based on the Return of Title IV calculation or based on the institutional refund policy calculation, any refunds will be made as soon as possible but not later than 45 days from the determination of withdrawal date in the order stated in section CFR 34 section 668.22. The order of payment of refunds is, 1) Unsubsidized Loans from FFELP or Direct Loan, 2) Subsidized Loans from FFELP or Direct Loan, 3) Perkins Loans, 4) PLUS (Graduate Students) FFELP or Direct Loan, 5) PLUS (Parent) FFELP or Direct Loan, 6) Pell Grant, 7) Academic Competitiveness Grant (ACG), 8) National SMART Grant, 9) Federal SEOG, 10) Other. This order would apply in accordance to the aid programs available at the institution.

AWARD CONCEPT, SELECTION OF RECIPIENTS AND PACKAGING CRITERIA

The Academy does not receive enough campus-based funds to satisfy all the students' financial needs. Therefore, the school emphasizes the SELF-HELP CONCEPT of student financial assistance. The SELF- HELP CONCEPT is a first-come, first served basis when awarding eligible applicants. If the student does not wish to assume the combined debt of two or more loans, they may decline any loans offered by the school. All loans must be repaid.

The SELF-HELP CONCEPT lists types of financial assistance in the following order:

1. Family Contributions
2. Other Resources
3. Federal PELL Grant
4. Self Help (Stafford and/or PLUS loans)

DEFINITIONS: The following definitions correspond to some common terms used within the financial aid terminology:

ACADEMIC YEAR: A period of not less than 26 weeks of instructional time with a minimum of 900 clock hours on instruction for a full time student. The midpoint of the academic year shall be a minimum of 13 weeks and at least 450 clock hours. In effect, all students enrolled in courses with an academic year schedule to be completed in less than 26 weeks, regardless of the number of clock hours offered, would have aid eligibility reduced in proportion to the number of weeks and hours in the course of student in relation to the academic year.

CLOCK HOUR: Consists of 50-60 minutes of supervised instruction during a 60-minute period.

CREDIT BALANCE: A credit balance occurs when tuition payments have been received by the Academy in excess of the amount of charges assessed to the student. Credit balances are paid within 14 business days from the day the credit balance was generated. Students must be responsible for budgeting their own funds and for securing that the funds are used for education-related expenses.

ESTIMATED FAMILY CONTRIBUTION (EFC): The calculated amount that a family contributes to offset the student cost of attendance.

PARENT(S): For the purposes of the financial aid programs, a 'parent' is the mother and/or father or adoptive parents, stepparent or legal guardian – not foster parent.

PAYMENT PERIOD: 450 hours and 13 weeks for courses of 900 hours or more. It is the midpoint of the program for courses of less than 900 hours and 26 weeks.

NEED: Financial need is the amount left over after subtracting the expected family contribution from your cost of attendance.

NATURE OF WORK

Barbers, hairstylists, and cosmetologists provide haircutting, hairstyling, and a range of other beauty services. Barbers, hairstylists, and cosmetologists provide hair and beauty services to enhance clients' appearance. Those who operate their own barbershop or salon have managerial duties that may include hiring, supervising, and firing workers, as well as keeping business and inventory records, ordering supplies, and arranging for advertising. Hairstylists offer a wide range of hair services, such as shampooing, cutting, coloring, and styling. They often advise clients, both male and female, on how to care for their hair at home. Hairstylists also keep records of products and services provided to clients, such as hair color, shampoo, conditioner, and hair treatment used. Tools include hairbrushes, scissors, blow dryers, and curling and flat irons.

Cosmetologists provide scalp and facial treatments and makeup analysis. Some also clean and style wigs and hairpieces. In addition, most cosmetologists actively recommend professional hair care products or salon hair care products.

Estheticians or skin care specialists cleanse and beautify the face and body to enhance a person's appearance. Skincare specialists give facials, full-body treatments, and head and neck massages to improve the health and appearance of the skin. Some may provide other skin care treatments, such as peels, masks, and scrubs, to remove dead or dry skin. In addition, skincare specialists create daily skincare routines for clients based on skin analysis and help them understand which skincare products will work best for them. A growing number of specialists actively sell skincare products, such as cleansers, lotions, and creams.

WORK ENVIRONMENT

Most full-time barbers, cosmetologists, and other personal appearance workers put in a 40 - hour week, but longer hours are common, especially among self-employed workers. Work schedules may include evenings and weekends, the times when beauty salons and barbershops are busiest. In 2008, about 29 percent of barber, cosmetologists and hairstylists worked part time, and 14 percent had variable schedules.

Barbers, cosmetologists, and other personal appearance workers usually work in clean, pleasant surroundings with good lighting and ventilation. Good health and stamina are important, because these workers are on their feet for most of their shift. Prolonged exposure to some hair and nail chemicals may cause irritation, so protective clothing, such as plastic gloves or aprons, may be worn.

TRAINING, QUALIFICATIONS, AND ADVANCEMENT

All states require barbers, hairstylists, and cosmetologists to be licensed. To qualify for a license, candidates are required to graduate from a state-approved barber or cosmetology program and then pass a state exam for licensure.

A high school diploma or equivalent is required for some positions. In addition, every state requires that barbers, hairstylists, and cosmetologists complete a program in a state-licensed barber or cosmetology school. These programs are mainly found in postsecondary vocational schools and typically lead to a postsecondary non-degree award or certificate. Most of these workers take advanced courses in hairstyling or in other personal appearance services to keep up with the latest trends. Those who want to open their own business also may take courses in sales and marketing.

Barbers, hairstylists, and cosmetologists must obtain a license in order to work. Qualifications for a license vary by state, but generally, a person must fulfill the following criteria:

- Reached a minimum age of 16
- Received a high school diploma or equivalent
- Graduated from a state-licensed barber or cosmetology school

After graduating from a state-approved training program, students take a state licensing exam that includes a written test and, in some cases, a practical test of styling skills or an oral exam.

In many states, cosmetology training may be credited toward a barbering license and vice versa, and a few states combine the two licenses. A fee usually is required to apply for a license, and continuing education units (CEUs) may be required with periodic license renewals.

Some states have reciprocity agreements that allow licensed barbers and cosmetologists to get a license in another state without needing additional formal training or state board testing, but such agreements are not common. Consequently, people who want to work in a particular state should review the laws of that state before entering a training program.

Full-time programs in cosmetology usually last 10 months and may lead to an associate degree, but training for manicurists and pedicurists and skin care specialists requires significantly less time. Makeup artists can attend schools that specialize in this subject, but it is not required. Shampooers generally do not need formal training. Most professionals take advanced courses in hairstyling or other personal appearance services to keep up with the latest trends. They also may take courses in sales and marketing.

During their first weeks on the job, new workers may be given relatively simple tasks. Once they have demonstrated their skills, they are gradually permitted to perform more complicated procedures, such as coloring hair. As they continue to work in the field, more training usually is required to help workers learn the techniques particular to each salon and to build on the basics learned in cosmetology school. Personal appearance workers attend training at salons, cosmetology schools, or industry trade shows throughout their careers.

All States require barbers, cosmetologists, and other personal appearance workers to be licensed, with the exceptions of shampooers and makeup artists. Qualifications for a license vary by State, but generally a person must have a high school diploma or GED, be at least 16 years old, and have graduated from a State-licensed barber or cosmetology school. After graduating from a State approved training program, students take a State licensing examination. The exam consists of a written test and, in some cases, a practical test of styling skills or an oral examination. In many States, cosmetology training may be credited toward a barbering license, and vice versa, and a few States combine the two licenses. Most States require separate licensing examinations for manicurists, pedicurists, and skin care specialists. Some States have reciprocity agreements that allow licensed barbers and cosmetologists to obtain a license in a different State without additional formal training, but such agreements are uncommon. Consequently, persons who wish to work in a particular State should review the laws of that State before entering a training program.

Successful personal appearance workers should have an understanding of fashion, art, and technical design. They also must keep a neat personal appearance and a clean work area. Interpersonal skills, image, and attitude play an important role in career success. As client retention and retail sales become an increasingly important part of salons' revenue, the ability to be an effective salesperson becomes ever more vital for salon workers. Some cosmetology schools consider "people skills" to be such an integral part of the job that they require coursework in that area. Business skills are important for those who plan to operate their own salons.

Advancement usually takes the form of higher earnings as barbers and cosmetologists gain experience and build a steady clientele. Some barbers and cosmetologists manage salons, lease booth space in salons, or open their own salons after several years of experience. Others teach in barber or cosmetology schools or provide training through vocational schools. Still others advance to become sales representatives, image or fashion consultants, or examiners for State licensing boards. EMPLOYMENT INFORMATION

Barbers, cosmetologists, and other personal appearance workers held about 735,000 jobs in 2016. Of these, barbers and cosmetologists held 673,000 jobs, skin care specialists 69,000.

Most of these workers are employed in beauty salons or barber shops, but they also are found in nail salons, day and resort spas, and nursing and other residential care homes. Nearly every town has a barbershop or beauty salon, but employment in this occupation is concentrated in the most populous cities and States. Theatrical and performance makeup artists work for movie and television studios, performing arts companies, and event promoters. Some apply makeup in retail stores.

About 44 percent of all barbers, cosmetologists, and other personal appearance workers are self-employed. Many of these workers own their own salon, but a growing number of the self-employed lease booth space or a chair from the salon's owner. In this case, workers provide their own supplies, and are responsible for paying their own taxes and benefits. They may pay a monthly or weekly fee to the salon owner, who is responsible for utilities and maintenance of the building.

JOB OUTLOOK

Overall employment of barbers, cosmetologists, and other personal appearance workers is projected to grow slightly faster than the average for all occupations. Opportunities for entry level workers should be favorable, while job candidates at high-end establishments will face keen competition.

Personal appearance workers will grow by 10 percent from 2016 to 2026, which is faster than the average for all occupations. This growth primarily will be a result of an increasing population and from the growing demand for personal appearance services, particularly skin care services.

Employment trends are expected to vary among the different occupational specialties. Employment of hairdressers, hairstylists, and cosmetologists should increase by 12 percent because many now cut and style both men's and women's hair and because the demand for hair treatment by teens and aging baby boomers is expected to remain steady or even grow. As a result, fewer people are expected to go to barber shops and employment of barbers is expected to see relatively little change in employment.

Continued growth in the number of nail salons and full-service day spas will generate numerous job openings for manicurists, pedicurists, and skin care specialists. Estheticians and other skin care specialists will see large gains in employment, and are expected to grow 47 percent as more facial procedures to improve one's complexion become available and become more popular in spas and some medical settings.

Job opportunities generally should be good. However, competition is expected for jobs and clients at higher paying salons as applicants compete with a large pool of licensed and experienced cosmetologists for these positions. More numerous than those arising from job growth, an abundance of job openings will come about from the need to replace workers who transfer to other occupations, retire, or leave the labor force for other reasons. Opportunities will be best for those with previous experience and for those licensed to provide a broad range of services.

EARNINGS

While earnings for entry-level workers usually are low, earnings can be considerably higher for those with experience. A number of factors, such as the size and location of the salon, determine the total income of personal appearance workers. They may receive commissions based on the price of the service, or a salary based on the number of hours worked, and many receive commissions on the products they sell. In addition, some salons pay bonuses to employees who bring in new business. For many personal appearance workers the ability to attract and hold regular clients are key factors in determining earnings. Some salons offer paid vacations and medical benefits, many self-employed and part-time workers in this occupation do not enjoy such benefits. Some personal appearance workers receive free trial products from manufacturers in the hope that they will recommend the products to clients.

INDUSTRY OPPORTUNITIES

Cosmetology Industry Sheet

COSMETOLOGY / ESTHETICS

A career in cosmetology or Esthetics means you will devote your talents to making others look and feel their best. A cosmetology education and license are necessary for pursuing a career as a hair stylist/designer/barber, nail technician, esthetician, or make-up artist. Licensing requirements vary from state to state for each area of expertise. A Esthetician education and license is necessary for pursuing a career in skin care, makeup.

The primary goal of a successful, licensed cosmetologist is creating an experience for the client that he or she will enjoy and want to repeat. Cosmetologists keep pace with the fashion world and stand ready to meet the constantly changing career skills vital to success. Today's cosmetologists must possess and continually upgrade and refine a wide range of skills to meet the needs of a diverse clientele. Continuing education is a must! Cosmetology offers opportunities for personal growth and many career options.

THE DEMAND FOR COSMETOLOGISTS / ESTHETICS

2016, there were 673,700 professionals employed in the nation's beauty salons, barber shops, skin-care salons and nail salons. The typical salon is a small, full-service salon with five stations, three full-time professionals and two part-time professionals. Salon owners report an average of 127 clients per week.

Even with significant levels of hiring, nearly three-quarters of the salons that tried to fill positions were not able to find qualified applicants. The supply of skilled professionals in the industry continues to fall short of the demand. This is a chronic shortage that has been reported in earlier surveys of the cosmetology industry.

WORLD-WIDE OPPORTUNITIES

The cosmetology and Esthetics industry employs individuals in every town and city in the United States and throughout the world. No community exists without barbershops and hair salons. They range from single-chair operations to large salons with dozens of workstations.

The salon industry employs nearly 1.7 million professionals, over half of whom are full-time experienced employees who work as cosmetologists. While these professionals tend to move around within the industry, there were more vacated positions in 2006 than well-prepared entrants to fill the positions. A sizeable number of employees (27%) leave each year with plans to open their own salon, work from their home, or rent a booth and become independent contractors. This suggests that the industry provides the option to start one's own business.

BUSINESS OPPORTUNITIES

Perhaps the best monetary opportunities in the salon industry lie in the business aspect of the industry. The demand for cosmetology services is estimated to expand at least at the same rate as the growth of the population, (The American Association of Cosmetology School, www.beautyschools.org 2008) so the demand for managers and individual business owners to bring a salon from a single statistic to a high-end, successful business is growing as well.
